Dear Chris,

Just a quick note about the Greenham Star Marches. It is agreed - we shall be organising a reception gathering for the marchers from the 5th Aug to the 9th. Outside groups are not being encouraged to come and the gathering is in support of the marchers who will be vigiling, keening and fasting for the three days.

They have got virtually no money. They also need as much canvass as we can arrange. Obviously there's Bobby's for the cost of transport, I suggest we also double book Paddy's marquee and get him to show us how to take it up and down. What about those other two (was it from someone near Blandford?) one of which was also used by the Women's Festival? That guy is alternative and might let us have it for an extended time for free. Could you look around and see what can be booked and for how long? Green CND can spend £250 so we have got some money to start with and no doubt other bits will be squeezed out elsewhere.

Also please make sure Bruce Garrard and Alaistar Danter get the next mailing.

Good luck with everything

Love,
