

People

Who are we?

PEOPLE consists of people who are concerned about the future and know how to face it.

PEOPLE formed in January 1973

The first meeting of area organizers was held on 2nd February 1974.

At the general election in February 1974 we contested 6 seats.

Now, there are over 30 active area groups all over Britain.

In June 1974 PEOPLE held its first annual conference at which it adopted its manifesto and elected its National Executive Committee.

PEOPLE is democratic. The party does not have a constitution and there are no rules. PEOPLE has collective leadership.

Funds are obtained by subscription only. PEOPLE has no rich backers. We owe allegiance to no man, no industry, no anonymous organization, no trade union.

PEOPLE owes allegiance only to the people.
