INVOLVEMENT FOR YOU

PLEASE RETAIN THIS PROGRAMME FOR USE DURING CONFERENCE

PEOPLE IS A NEW POLITICAL PARTY. It acts as the glue to the splintered environmental movement and people dissatisfied with old-style politicians. It is creating a real force in political terms capable of taking power democratically to carry out those policies necessary to safeguard the kind of life we are all entitled to.

PEOPLE will field 600 + candidates at the next General Election.

HOW WILL IT BE DONE? With the help of people like you either as active party workers or people able to make their facilities available.

PEOPLE GROUPS are being set up all over the country. AREA PEOPLE GROUPS covering approximately ten Parliamentary constituencies each are responsible for interviewing prospective candidates, arranging local newspaper advertising and generally giving all assistance in setting up (in each constituency) a LOCAL PEOPLE GROUP which will work on the issues that concern that constituency.

PEOPLE is attracting people like you to set up, run and help with these groups. PEOPLE will help and support YOU to grow into a thriving AREA PEOPLE GROUP with affiliated LOCAL PEOPLE GROUPS with regular meetings, campaigns, film shows and talks on local and national problems.

IT IS WORKING: There is a place for PEOPLE in British Politics. There is a place for PEOPLE in Parliament. If you can do nothing else to help, when the time comes, VOTE for PEOPLE.

THE PROBLEMS. World population is rising faster than we can hope to feed it. Overcrowding causes enormous social problems. The expansion of industry is exhausting our limited supply of natural resources and is filling the world with pollution and unwanted goods. Our self-centred materialism deprives the Third World of an adequate standard of living, and everywhere technology is disrupting natural cycles.

A system like this cannot survive for long. We can expect it to end in our lifetime.

THE CHOICE. If we allow present trends to continue unchecked, our society will end in a blaze of destruction inflamed by war, starvation, disease and poverty. No-one can want that.

Alternatively, we can voluntarily create a stable society which lives at peace with its environment, gives maximum satisfaction to its members and can go on for ever.

PEOPLE strives for a new impartial force in human affairs free to examine and fearless to re-direct our course as necessary.

We can no longer rely on politicians who repeatedly fail to recognise root causes of unrest and disillusion, who place false idols before the electorate and hold out untenable promises to secure re-election.

PEOPLE does not pretend to offer a universal solution, simply a real alternative movement for anyone seeking a re-appraisal of fundamental attitudes and a re-direction of effort, to act positively in response to the doomwatchers' forecasts.

Subscriptions to National PEOPLE are a minimum £1.00 including 6 monthly issues of Towards Survival Send to National Secretary Mrs L. Whittaker, 69 Hertford St, Coventry.

ACCOMMODATION IS STRICTLY LIMITED SO PLEASE RESERVE YOUR PLACE NOW.

CONFERENCE FEE. Including accommodation and all meals (except dinner on Saturday night) £9.50, Non Residential £7.50.

WHO SHOULD ATTEND. Members of all environmental bodies and related organisations and people who are concerned about the rapid deterioration in our quality of life. Unemployment, inflation, drugs, crime, violence, spiritual decline, over-population, pollution, resources, consumption, a general disillusion.

PLACE. Allesley Hotel and Post House Hotel (off A45) COVENTRY.

DATE, Saturday 2nd and Sunday 3rd June (Weekend after Spring Holiday).

OBJECT. To bring together all aspects of the Survival and Ecological movement to consider their inter-relationships and examine practical methods of greater liaison and political effectiveness.
