

Have you voted for the
ECOLOGY PARTY
in the past?

If so, our thanks and congratulations. Your vote means

YOU CARE about the kind of society in which today's children will grow up

YOU CARE about using the world's resources sparingly for the long term good of all

YOU CARE about harmful pollution of the environment

YOU CARE about nuclear, chemical and biological weapons

YOU CARE about the possible dangers of nuclear power stations

THE ECOLOGY PARTY ALSO CARES

We have decided not to nominate a candidate at this election, but IF YOU CARE ENOUGH support the Leeds Ecology Party by using an envelope, stamp and the form overleaf to:-

1. request further information about the Ecology Party
2. complete and return the questionnaire, anonymously if you prefer
3. send a donation, however small, to help us support candidates for future elections.
4. join the Ecology Party

The Ecology Party is financed wholly by its members, sympathisers and small-scale money raising activities. The money that might have been spent on this election has instead been spent on this leaflet and on sponsoring, through the Leeds City Council, litter bins in Briggate.

eco
