"you're nicked for poaching rabbits" said Inspector. "I'm a Buddist and see no reason to take the life of fellow creatures to sustain my own. "said Nik. ## ) MESSAGE FROM THE PEDGE CONVOY

to whom it may nooncern...a few of us-have pulled on here already and the reception we have had from the organisers has REALLY PISS US OFF.... for a start, we truly are skint, nine pounds a head would feed us for a fortnight..if we had it...it doesn't seen to occur to you that

MAYBE we are in need, maybe we've used all our energy and resources in the frontline striggle against the Death Culture, maybe we could use some

no, all the gate robots can do is repeat this endless silly charade; ('hassle them all you can for money') until they've irritated us enough to get dangerous, then they open the gates and let us in Stupid, isn't it? because we love you and we love this planet...and we won't sit back and witch a bunch of paranoid maniacs destroy everything we care about...

gives you an order, ask 'Why?'...if you don't agree say 'No'...you don't help anyone by going along with unreasonable behaviour just to 'save trouble ... women with kids, you should understand this. thing is, people's indecurity compels them to create a predictable understandable universe where everything/one fits into neat little categories and stays there... upset the appleant and you provoke the most amazing release of repressed rege, rain and frustration... amplify the temper of a two-year-old who can't have another biscuit to that of a full grown man armed with a transhoon and backed up by a heevy mob in blue uniforms....it's the same trip..... and you're in real danger..

because we believe in true anarchy, a state of individual responsibility, a directyle that is gentle on the planet, we know what we need to achiev? thin, and we have the courage to go on saying 'NO' to those that try to force us to go against it.....

NO....to nuclear war, to Cruise missiles and nuclear power

NO....to harassment of gypsies and travellers NO....to pallution and waste

NO....to restriction of consciousness by drugs laws

NO TO THE UNIVERSAL THREAT OF MEGADEATH THEY USE TO KEEP US ALL IN LINE

AND EVERYTIME WE STAND AGAINST IT WE GET HIT WITH THE BARRAGE OF HATRED released by the threat of change, of chaos (ever been in love? felt anything chaotic than thate) chaotic than that?)...and overytime we come back with understanding th endless attempts at communication, we try to cure them of the hate and pain...because we can't stup believing that love is the answer....

ase't need your hate as well, do you think we don't have feelings?

volve used all our energy breaking down fences. not only the ones you can and touch...we need help....love and understanding....teaching and someos to build, to carry healing with us, to pure the sicknesses behind the rescos..... we're out there doing it..... now and always.....

PLEASE TRY TO UNDERSTAND

STREOUT SHARING THERE CAN BE NO JUSTICE WITHOUT JUSTICE THURE CAN BE NO PEACE WITHOUT IEACE THERE CAN BE NO FUTURE

I - WIME THOU WILL SHALL BE THE HOLE IN THE WALL.....
