

THE SOMERSET ECOLOGY PARTY

10 Durleigh Road  
Bridgwater,  
Somerset.TA6 7EX  
19/8/83

Dear Lucy

Regrettably the Ecology Party has been more or less dormant in this area for some time, but there are several people who have joined or expressed interest in the Party lately. I am therefore writing to all those whose names I have, whether existing or new members, or enquirers, to suggest a meeting at which we can discuss Party matters and plan future activities in the area.

We would be very pleased to see you at this address on Thursday 8th. September 1983 at 8 p.m. Colin Hunt will say a few words about the present position of the Party and its policies and there will be plenty of time for discussion. If you are unable to come to this meeting, please let me know, for future planning, the times most convenient to you for meetings.

Best wishes,

Tony Bathurst
